Invitation to Bid and Instructions to Bidders

The Maple Run School District (MRUSD) will be accepting bids from **Contractors** for the removal of the existing underground fuel oil tank and installation of a new underground fuel oil tank and accessories located at the Fairfield Central School, located at 57 Park Street, off of Route 36 in Fairfield, VT. This Contractor will be the lead contractor for the project. This project is outlined in the contract documents within this RFP.

BASE BID PROJECT SCOPE:

This project consists of removing the existing 9,000 gallon underground Fuel Oil Tank completely. At this time, the MRUSD assumes that there is no contaminated soil associated with removal of this tank. Contractor to install a new 6,000 gallon underground Fuel Oil Tank as shown in the contract documents as designed by Cross Consulting. This Contractor will be the lead contractor for this project and is required to coordinate and procure all subcontractors to ensure a complete and finished project. The contractor shall follow the contract documents for the work as needed at the school. There is an alternate for this project, which is removal of a 1,000 gallon underground Fuel Oil Tank located by the old fire station building, located on the school grounds. All questions will need to go through PCI Consulting.

Point of contact at Fairfield Central School = Albert Menard, cell phone = 802-752-2891

This Lead Contractor to procure all subcontractors, including but not limited to the site, mechanical, and electrical work associated with the installation of the new underground Fuel Oil Tank. There will be a new fuel oil pump set and a ground monitoring system that will be installed per this RFP. The mechanical and electrical subcontractors shall obtain all construction trade permits for the project.

The Lead Contractor shall clean up completely at the end of each day.

The Lead Contractor under this RFP shall carry all costs associated with sealing all wall penetrations. Penetrations shall have the appropriate caulking, water sealing to fill in any piping or conduit penetrations in the exterior foundation wall.

The Site Contractor shall obtain all permits required for the State of Vermont in removal of the existing underground tank(s) and as necessary for the project complete and for the duration of this project. While unearthing and exposing the existing underground oil storage tank, the contractor to coordinate disposal with the owner's testing agent (Fuss & O'Neil) by proper closure methods as required by the state of VT. The contractor will then be responsible for closeout of all permits and forward all paperwork for the MRUSD at the completion of the project. There is an alternate for just the removal, complete with backfilling of the 1,000 underground fuel oil tank, located by the old fire station on the school property. The site contractor shall obtain all necessary permits, including the State of VT Tank Permit Application. The Tank Permit Application is provided within this RFP.

[State of VT Tank Permit Application](#)

The project award date is May 8, 2025. Pricing on the project to be held for the duration of the project. The project start date is June 15, 2025 and to be substantially completed by August 15, 2025 (schedule may be dependent upon lead time of equipment).

PROJECT GENERAL SERVICE:

The Lead Contractor shall be expected to perform all professional services consistent with the industry accepted roles of a **lead contractor**. In general, the deliverables shall include, but shall not necessarily be limited to:

1. Attending meetings with the Project Manager, Owner, Facility Manager and/or Engineer as necessary, throughout the construction document period. These meetings will be held every two weeks, on-site or virtual up to the start of construction. After construction has commenced, project meetings will be held weekly on-site. Location within the building to be determined.
2. Follow all requirements of the **Non-Negotiable** AIA A101 Form.
3. There will be concurrent projects going on along with this work at the Facility. The project manager assumes that these contractors will be able to work together at the project site.
4. Work with the Owner, Facility Manager and Project Manager and others to prepare a detailed construction schedule.

- 3.5. The Contractor shall take care in working near existing areas to protect them from

- damage. The Contractor shall be responsible for any damage to existing areas and will repair such damage, at the Contractor's expense, to the Owner's satisfaction.
- 3.6. The Contractor shall keep the project site and surrounding area free from waste materials, rubbish, and dust which results from its work on the project. Removal, hauling, and disposal of rubbish and waste materials shall be the responsibility of the Contractor.
 - 3.7. The Contractor shall be held responsible for all damages resulting from its employees, or its subcontractors, errors, omissions or negligence in the performance of the Work of the Construction Agreement.
 - 3.8. The Contractor shall hold harmless the Owner from and against claims, damages, losses, expenses, legal fees or other costs resulting from the Contractor's performance of the Work of the Construction Agreement.
 - 3.9. The Contractor shall provide the Owner access to the Work.
 - 3.10. Construction work will take place within an occupied housing facility. Occupants and staff health and safety must at all times be a paramount concern. All debris and dust generation must be contained, cleaned, and removed immediately, with the work area left safe and ready for occupancy at the end of each day. The work area shall be considered safe and ready for occupancy when they are free of dust/debris, construction waste, sharp objects & corners which could cause injury, trip hazards and/or other hazardous conditions.

4. Subcontractors

- 4.1 The Contractor shall select the subcontractors, except that it shall not use subcontractors to whom the Owner has a reasonable objection. The Contractor shall not be required to use a subcontractor to whom it has a reasonable objection.

5. Disputes

- 5.1 Any claims or disputes between the Contractor and the Owner arising from this Agreement shall be resolved by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association unless both parties agree otherwise.

6. Work by Other Contractors

- 6.1 Contractors and subcontractors shall work in harmony with others on the project and shall afford the Owner and other subcontractors' reasonable opportunity for the storage of materials and equipment.

7. Changes

- 7.1 Changes, modifications, additions and/or deletions to the Work under this agreement will only be made by written order signed by the Owner and the Contractor. Any such changes will not invalidate this Agreement. The time for project completion and the project cost will be adjusted accordingly and as agreed upon by both parties in writing. Project extension of time shall be included within the change order that is presented at that time.

8. Time

- 8.1 If at any time the Contractor is delayed in performing the work under this agreement by the Owner requested changes, labor disputes, fire, or other circumstances over which the Contractor has no control, the contract time shall be extended by the same amount of time as was caused by the delay.

9. Payments

- 9.1 Payments will be made by the Owner to the Contractor in accordance with the payment schedule stipulated in the Agreement.
- 9.2 Payments may be withheld for any of the following conditions:
- i) Defective work not corrected.
 - ii) Failure of the Contractor to make payments to subcontractors or for materials, labor, equipment, and / or services.
 - iii) Continued failure to perform the work in accordance with the terms and conditions set forth in this Agreement.
 - iv) Legal or other claims by third parties relating to the work performed under the Agreement.
- 9.3 Final payment shall become due when the Work of the Agreement is completed in accordance with the Construction Documents. A partial release of lien will be required for the value of each pay request. A full release of the lien when all final punch list items are addressed to the owners satisfaction.

10. Insurance

- 10.1 The Contractor agrees to take out and maintain during the life of this Contract insurance with a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located and reasonably acceptable to the Owner, as follows:
- i) Worker's Compensation or similar Insurance as required by the laws of the state in which this Work is to be performed or by applicable federal law,
 - ii) Employer's Liability Insurance,
 - iii) Comprehensive or Commercial General Liability Insurance covering bodily injury, death and property damage with Bodily Injury Liability in an amount not less than \$2,000,000 per person and \$2,000,000 per occurrence and Property Damage Liability in an amount of not less than \$2,000,000 per occurrence. The explosion, collapse and underground excavation exclusion, commonly known as the "XCU Exclusion," shall be eliminated and coverage for these perils shall be provided. Coverage shall include the Broad Form Property Damage endorsement (including Completed Operations).
 - iv) Comprehensive Automobile Liability Policy with Bodily Injury Liability in an amount not less than \$500,000 per person and \$1,000,000 per occurrence, and Property Damage Liability in an amount not less than \$50,000 per occurrence. This Policy shall cover all Owned and Non-Owned Vehicles and to include Non-Ownership and Hired Car Coverage.

- v) Broad Form Completed Operations (or Products) Liability for the same limits as specified for the period of two years after final payment is made to Contractor,
 - vi) Independent Owner's Protective,
 - vii) Contractual Liability specifically including this Contract for the same limits as specified in c) above, and
 - viii) Any additional insurance required for the performance of Contractor's Work by the terms of the Contract.
- 10.2 Insurance Certificate. The Contractor agrees to obtain from its insurance carrier(s) an insurance certificate or certificates in the form required by the Owner, and indicating the Project name, within five days of the effective date of this Contract, and in every event prior to commencement of on-site Work by the Contractor. Such certificates shall certify that coverage as required above is in full force and effect and shall also include a provision whereby the Owner will be given 30 days written notice in the event of cancellation or modification of any of the coverage. The Owner may withhold such payments as it may deem necessary to guarantee compliance with these requirements or to indemnify it, against claim or loss that should be covered by the required insurance. The Certificate of Insurance shall show any Umbrella Policy Contractor carries in the same manner as all other insurance policies.
- 10.3 Additional Insureds: The Contractor is required to name the Owner as insured or additional insured on each of these policies except for Worker's Compensation. Each policy shall state that such insurance is primary and any insurance maintained by the Owner shall be excess and noncontributory.
- 10.4 Indemnification: To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, and any other person or entity required by the specifications, and agents, officers and employees of any of them, from and against any and all claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than to injury to or destruction of all or any portion of the Project or the Work which injury or destruction is paid for by property insurance, without right of subrogation), but only to the extent caused by the negligent acts or omissions of the Contractor, its subcontractors and suppliers, and anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in whole or in part by a party indemnified hereunder.

11. Work Safety

- 11.1 The Contractor shall at all times furnish a Competent person who is qualified/certified by the governing safety association to identify, evaluate, and remedy an unsafe situation in the workplace.
- 11.2 The Contractor will follow all safety regulations outlined by OSHA or VOSHA, whichever is more stringent.
- 11.3 The Contractor will, at all times, implement an active and ongoing safety policy, which will apply to the primary Contractor and Subcontractors and all their employees.

- 11.4 The Contractor shall, at all times, keep the safety of the occupants and staff as the paramount priority. Methods may include, but are not limited to, signage, barriers, dust control etc.
- 11.5 The Contractor shall at all times secure and/or monitor any tools, equipment, and work areas not immediately in use. The presence of the occupants should be expected. Their safety and isolation from construction activities is a paramount priority.
- 11.6 The Owner or Owner's Representative reserves the right of "stop work authority" if they determine that there is an imminent risk.

12. Correction of Deficiencies

- 12.1 The Contractor shall promptly correct any deficiencies in the work, any work not in accordance with the construction documents, and/or any work rejected by the Owner.
- 12.2 The Contractor and Subcontractors shall provide guarantees of workmanship and material warranties for at least one (1) year from the time of completion of their work under the agreement.

13. Termination of the Agreement

- 13.1 If the Contractor fails to carry out the work in accordance with the agreement and other construction documents, the Owner may, upon seven (7) days written notice to the Contractor, terminate the contract, and finish the work by whatever method the Owner determines. If the cost of completing the work exceeds the balance due under this agreement, the difference is to be paid to the Owner by the Contractor.

14. Jurisdiction

- 14.1 This agreement shall be governed by the laws of the State of Vermont.
